

# WE'RE THE STOATS

*Sarge: That's better! Anyone trying to get into the Chief Weasel's party tonight had better look out! They won't get past us! We're the stoats! Who are we?*

*All: We're the stoats!*

*Sarge: Who are we?*

*All: We're the stoats!*

## STOATS

1 We're stoats, so please take note, we're here to stay.  
It's true to say that you can go away!  
We've promised that we'll defend  
Our ferret and weasel friends,  
'Cause we're the stoats!

2 We're armed and we're on guard both night and day.  
We'll fight to keep the likes of you away!  
We're keeping the 'riff-raff' out,  
We've no time to mess about,  
'Cause we're the stoats!

CHORUS *We're a tough opposition,  
Well-equipped and we're fully trained.  
We have much ammunition,  
You have reason to be afraid!*

3 At eight we'll celebrate the Chief's big day.  
He's sent for all his friends to come and play!  
If your name's not on our list  
We'll see that you're well dismissed,  
'Cause we're the stoats!

## CHORUS

4 We're stoats, so please take note, we're here to stay.  
It's true to say that you can go away!  
We've promised that we'll defend  
Our ferret and weasel friends,  
'Cause we're the stoats!  
We're the stoats!  
We're the stoats!  
We're the stoats!
