

## Deepen Activities

- 1** The ladybird is facing the flower. What turns does the ladybird make to face each of the other objects? Find at least two turns for each object.

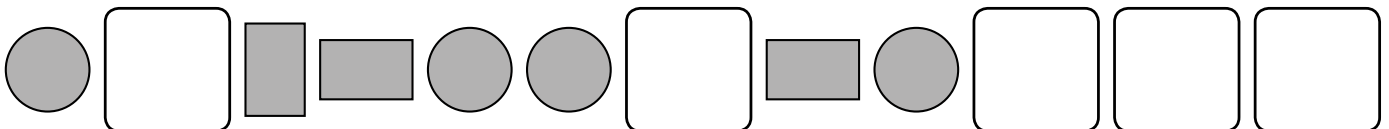

- a) toadstool      b) butterfly      c) apple

It can turn clockwise or anti-clockwise.

- 2** Complete this pattern by drawing the shapes in the answer boxes.

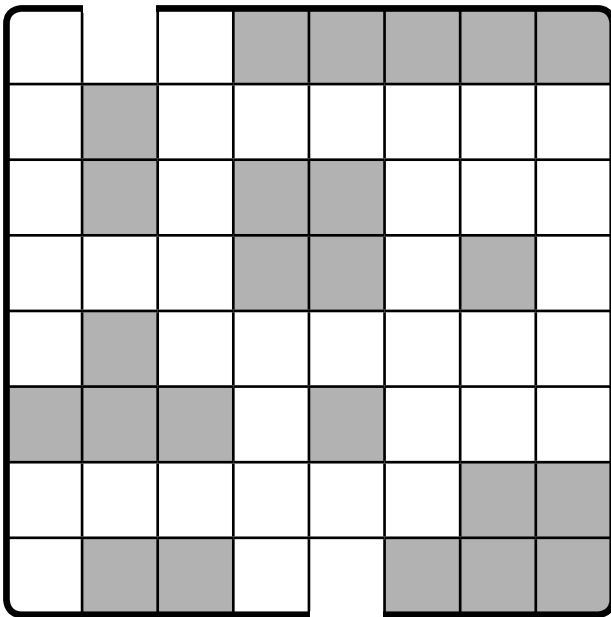

I will look at the position of the rectangles.

- 3 The bee needs to go through the maze to reach the beehive. Write instructions for the bee to follow.

Use these words to help you.

right  
left turn  
clockwise  
squares quarter  
forward

I'm going to find the longest and shortest routes.
