

# Unit 15

## Strengthen activities

**MISCONCEPTION:** Children may not have a secure understanding of quarter and halves in relation to turns.

### Answers

Textbook p97

Children guide the mouse to the cheese and identify more than one possible route.

**MISCONCEPTION:** Children may confuse left and right, particularly when an object is orientated differently to them.

### Answers

Children can use left and right, including when facing in a different orientation to an object or person.

**MISCONCEPTION:** Children may confuse the terms above and below.

### Answers

Textbook p97

Answer C
