

Unit 13

Strengthen activities

MISCONCEPTION: Children may confuse sharing and grouping; for example, they may incorrectly share into groups of 3.

Answers

3. Children represent $8 \div 2$ as 2 groups of 4 and four groups of 2.

Children create 3 groups of 6 cubes.

MISCONCEPTION: Children may inaccurately record division by grouping on the number line, for example they could make jumps of the number of equal groups, rather than the number in each group.

Answers

1. 4 groups of 5.
3. 3 groups on the number line showing 15 to 10, 10 to 5 and 5 to 0.

Textbook p54

4 boxes

MISCONCEPTION: Children may struggle to understand the vocabulary in written worded problems and therefore not relate worded questions to the calculation.

Answers

2. $12 \div 3$

Practice Book p38

Eva has more teddy bears on each shelf.

Deepen activities
