

## Deepen Activities

- I** Here is what a class of school children do each afternoon.

Monday	Tuesday	Wednesday	Thursday	Friday
Computers	Science	Games	PE	Music
Art		Circle time	Computers	Golden time

- a) What lessons do children do before Wednesday?
- b) What lessons do children do before Friday but after Tuesday?
- c) What lesson do children do before Games, but after Art?

I'm going to make up my own questions for my partner to solve.

2 This is what Bea does in a day. But one hand has fallen off each clock! Show what time you think it could be.

a) brushing teeth		
b) eating breakfast		
c) playing		
d) going to bed		

I wonder if there's more than one possible time for some of them.

3 Pick a date on this calendar. Ask questions to find your partner's date. Who can ask the fewest questions?

I'm going to ask if the date is before November 15th.

SUN	MON	TUE	WED	THU	FRI	SAT
